

PARASURAM PAVAN TEJA VEESAM

Software Developer | Data Scientist | Machine learning Engineer | Pentester

+91 9505417781 | pavantejveesam26@gmail.com | [in @pavantejveesam](https://www.linkedin.com/in/@pavantejveesam) | [@Johnwick-400](https://github.com/@Johnwick-400) | [Codechef](https://www.codechef.com/Codechef)

ABOUT ME

• Experienced Data Scientist with a passion for artificial intelligence and machine learning. Skilled Prompt Engineer and Open-Source Contributor. Proactive Coding Ninjas Campus Ambassador with a keen interest in exploring the boundaries of DevOps Engineering. Founder of Bug.Del, showcasing leadership and entrepreneurial skills..

TECHNICAL SKILLS

Languages: Java, SQL, C, R Programming, Python, Flutter

Developer Tools: Git, Andriod Studio, AWS Instances, Maven, Hugging face

Tools and Libraries: Matplotlib, Pandas, Tableau, Power Bi, Scikit-learn, NumPy, Tensorflow

PROJECTS

NOVA AI Home Automation

May'23 - Sep'23

- Revolutionizes smart home living with advanced AI technology for seamless control and optimization
- Enjoy intuitive voice control, energy efficiency, security, and customizable features

Drowsiness Detector

March'23 - May'23

- Developed a "Drowsiness Detector using OpenCV" project aimed at enhancing safety and automation
- Utilized computer vision and machine learning techniques to address critical issues in road safety and various industries

NOVA AI Voice Assistant

Nov'22 - Feb'23

- Developed "Nova AI Voice Assistant for Computer" project, showcasing expertise in natural language processing, speech recognition, and AI-driven interfaces
- Dedicated to advancing technology for efficient computing, eager to contribute to further developments in the field
- Key features include natural language understanding, voice recognition, and task automation

EDUCATION

Lendi Institute of Engineering and Technology

Jonnada, India

Bachelor of Technology in Computer Science and System Engineering

2021 - 2025

- CGPA: 8.32

Narayan JR College

Vizag, India

Intermediate

2019 - 2021

- Percentage: 76%

Dr KKR Gowtham School

Anadapuram, India

High School

2019

- Percentage: 82%

CERTIFICATIONS

Professional Certificate in Data Science - IBM (Coursera) 

Prompt Engineering for ChatGPT - Vanderbilt University 

Introduction to CyberSecurity - CISCO 

Cloud Foundations - AWS Academy 

Cloud Architecting - AWS Academy 

EXPERIENCE

Salesforce Developer

August 2023 - October 2023

SmartInternz

- Completed an 8-week Salesforce Developer Virtual Internship covering Salesforce Fundamentals, Organizational Setup, Relationship & Process Automation, Apex, Testing & Debugging, VS Code & CLI Setup, and Lightning Web Components (LWC) & API.

Software Engineer Intern

March 2023 - April 2023

Forage

- Participated in the "Advanced Software Engineering Virtual Experience Program" with Walmart Global Tech.

Data Science Intern

February 2023 - March 2023

Oasis InfoByte

- Worked as a Data Analyst, gaining practical experience in data-driven decision-making and analytics.

Web Application Pentester

December 2022 - February 2022

Indian Servers

- Interned as a Web Application Penetration Tester, gaining practical insights into web application security.

Cyber Threat Analyst

November 2022 - February 2022

AICTE NEAT

- Internship involved analyzing cyber threats and protecting critical digital assets.
